

Team Buddy Forever Foundation Scholarship

To honor Braden “Buddy” Miller, warrior of DIPG, the Team Buddy Forever Foundation is awarding a \$500 scholarship to a graduate of the 2024 Senior Class. The deadline to submit application materials to Mrs. Czymbor, via email (jczybor@newlothrop.k12.mi.us) or in-person in the high school office, is March 18, 2024.

Scholarship process:

Braden “Buddy” Miller was diagnosed in January of 2017 with diffuse intrinsic pontine glioma (DIPG). Please research and write a one page essay about DIPG treatment options and why they matter. From 2017-2024, consider both the progress that has been made and also what still needs to be done. Thank you for taking the time to think about this very important matter in the lives of so many people affected by DIPG.
