

# Vaccines Required for School Entry in Michigan

Whenever children are in group settings there is a chance for disease to spread. Children must follow vaccine laws in order to attend school. These laws are the minimum standard for preventing disease outbreaks in group settings. The best way to protect children from serious diseases is to follow the recommended vaccination schedule at [cdc.gov/vaccines](http://cdc.gov/vaccines). When following the recommended schedule children are fully protected and any school vaccination requirements are met.
