

NEWLOTHROP AREA PUBLIC SCHOOLS

New Lothrop Area Public Schools is accepting bids for the following:

Football Field – Sound Equipment

At the Football Field we are looking to upgrade the sound equipment by replacing the current equipment in the press box audio rack, along with adding a speaker to cover the away stands. Currently, on the home side there are two light poles with speakers. Both light poles (north light pole and south light pole) have speakers and speaker wire run to them. The pole on the north side has a speaker that covers home bleachers and also has a speaker that points to the away stands. The light pole on the south side of the home bleachers has one speaker that only covers the home side of the field. We would like to add another speaker to this pole to cover the away stands so there are two speakers that are sending sound to the visitor bleachers.

Requirements for the Audio Rack

Amplifier

Bluetooth Audio Receiver

Mixing board for audio controls

Announcers Microphone

Wireless Microphone that has the range to reach the field

Equipment that allows other wired inputs for tablets and media players

Note: Network access is available in Pressbox.

**** Any differences in specifications must be notated. ****

Please contact, Scott Sovis, Technology Director, at 810-638-5054 for specific details before submitting final bid.

Bids should be sent in a sealed envelope to:
